

DOWNTOWN PARKING

The Factory does not own a parking lot, but we've put together a reference of nearby lots. If you will be here for a few hours, we recommend street parking, using coins, or The MOTU app (available for iOS or Android). If you're planning to stay here for over two hours, and won't need to move your car, we suggest parking at an area lot for the day. Resident members could consider purchasing an access card.
